PROJECTS

Ocean of Ink ([GitHub](#)) ([Live Webpage](#))

2024

This project is a basic webpage created using Bootstrap, HTML, and CSS. The webpage utilizes Bootstrap's responsive design features to ensure compatibility across different devices and screen sizes.

Online Banking System ([GitHub](#))

2024

This project enables users to register & login to a Banking System and manage their accounts, transfer funds, manage loans, etc. It has been built using Java, OOPs concepts, JDBC, and MySQL as the database.
